INTERGRATED SHEQ POLICY STATEMENT

This statement sets out how **BONUTRAX PTY LTD** shall commit to an Integrated Management System of adopting and implementing the **ISO 9001:2008**, the **ISO 14001: 2004** and the **OHSAS 18001 of 2007**. Through our commitment to achieve the highest standards of SHEQ performance throughout our operations we shall undertake all our activities in a highly responsible, professional and competent manner and strive to continuously improve performance towards an ultimate objective of zero defects, incidents, injuries, failures or complaints together with maximum effectiveness and efficiency.

Our commitment translates into important practical statements, actions and initiatives which we now set out.

1. To ensure a safe and secure working environment for our employees, customers, partners and the public in general.
2. To ensure that our business has minimum impact on the environment and on the assets of ourselves and others.
3. Systems are designed to comply with all legislation as a minimum, but very often exceed those requirements and achieve best practice.
4. We will discontinue activities which cannot be undertaken safely, securely, or in a professional manner.
5. We take any SHEQ incident very seriously. All incidents are reported and investigated by trained personnel and all learning from both patterns of incidents as well as individual incidents are used to develop corrective and preventative measures.
6. All corrective and preventative measures are implemented and followed up for effectiveness.
7. We know that the performance of our people is directly related to our SHEQ performance. We have therefore developed recruitment, training and employee management programmes to ensure we employ the best people and to continually improve their skills, behaviour, motivation and performance.
8. Key partner subcontractors are fully integrated into our TQM Systems and SHEQ programmes.

9. To meet our obligations to our customers and to exceed them where appropriate. Customer satisfaction is important to us and to business retention.
10. We assess all operational risks and design systems and procedures to minimize and manage those risks.
11. All employees are encouraged to take their individual responsibility for good SHEQ performance as seriously as the company does. Good performance will be recognised and respected. Wilful or repeated negligence will not be tolerated.
12. Implement a series of supporting policies which focus in more detail on specific aspects of SHEQ. These include: drugs and alcohol, smoking, seat belts, security, mobile phones, behaviour based safety, pollution prevention, and resource conservation.

CONCLUSION

BONUTRAX PTY LTD will strive to reach its goal of being a company that society wants to exist, to pursue the joy of technological advancements, and to extend great service delivery and to give birth to more customer satisfaction as well as to preserve for future generations. To contribute to, and empower other emerging companies as well as the previously disadvantaged individuals. The company's existence will breed a new atmosphere of trade and will greatly impact the lives of those who come in contact with it.
